RE: CLIENT TESTIMONIAL

On behalf of the leadership here at Adventist GlenOaks Hospital, I would like thank you for your continued support in our mission by providing us reliable service work. Service from your company has been outstanding. We were happy to support YMI Mechanical, Inc. since its inception because of you Al. We have known each other for many years and during that time I have never been disappointed with the quality of work you or your company has provided. You are a true business professional and have built a professional team.

It is important to understand that when working in the healthcare field, the comfort of the people we serve is a necessary part in the delivery of solid quality care. You have assisted us in many areas of plumbing and mechanical needs but most importantly is your ability to follow through with your work which in turn makes it easier for us.

Our sincere thanks to you and your team,

Richard Roehr
