Elk Gove Village, Illinois 60007

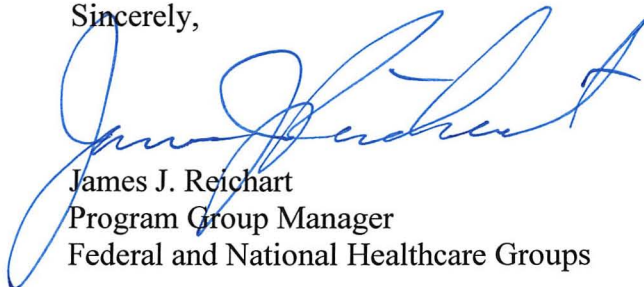

RE: Client Assessment and Testimonial

I had the pleasure of working with YMI Mechanical, Inc. on several projects where Al Youna and his crew was the mechanical subcontractor. He is organized, efficient, and willing to do whatever is needed to get the job done on time and within budget. Because there were often last-minute deadlines, his cooperative attitude and positive approach to resolve these changes were important and appreciated. Although Al's primary duties were administrative, he assumed some of the day-to-day duties as well.

I would like to express our extreme satisfaction of the YMI team and the top notched service which goes along with this company. Walsh Construction will continue to use the YMI team due to their ability to be flexible when the complexity of a project dictates. Al Youna has proven to us time and time again, regardless of the schedule, phasing constraints or special attention to the work force, YMI will absolutely complete the project. I believe it is testimony in itself of the repeat business we give to Al Youna, and YMI Mechanical Inc.

YMI Mechanical, Inc. deserves serious consideration as a potential subcontractor, and I recommend Al Youna highly.

Sincerely,

James J. Reichart
